		17:45	Late Club				

What to bring:

Packed lunch	Sun hat
Snacks	Sun cream
Water bottle	Coat

Imagination Station

In honour of our weekly theme of "love", we start off our week with a super special workshop making our very own valetentine cards for someone special. Your child will make their very own valentine card and will be inspired to create their own love poems too!

Big Sing Song

All you need is love'. With February being the month of love, we will listen to and learn this Beatles classic, discuss it's message and the importance of showing other's love as well as ourselves.

Music in Motion

Continuing our week of positivity and love, this is a chance for your child to express themselves through movement! Whilst listening to 'She Loves You' and 'Here Comes The Sun' by The Beatles, the children will explore how the two songs of different tempo make them feel, their similarities and differences and whether this has an impact on the kinds of movements they choose.

Meet the Composer

This week, we are particularly focusing on the music of The Beatles and the message of peace and love that John Lennon shared. Your child will then design their own instrument and think about the message that they would want to share with the world as famous musicians!

Pieces of Me

All aboard the Self-Esteem Train! With recent reports claiming that on average 3 children in a class suffer with their mental health, it is widely recognised that mental wellbeing needs addressing. The Strings Club have collaborated with 'Colour Your World Ltd' to create a fun-filled afternoon of confidence boosting, learning resilience and ways to effectively manage anxiety through mindfulness.

Welcome and Music Games

We start each day with a session that is the perfect introduction for new faces and returning children alike! Starting with a range of wonderfully interactive warm up games, your child will feel at home in no time. Our popular "buddy system" encourages children of all ages to become fast friends from the offset!

Performarama

Where is the love? With our hearts full of kindness, we will listen to this Black Eyed Peas number 1 song before creating our very own 'positive message' song. Whether in the form of a rap or a song, this is your child's chance to be creative and get their message across! Smaller children will have the option to sing and perform 'How Far I'll go' from Disney's Moana.

Sounds and Colours

People all over the world - join hands! In this workshop, children will listen to 'Love Train' and discuss it's message and instruments they can hear before creating their very own image/poster of unity, solidarity and love. But not before having a dance and forming our own Strings-Train around the room!

Feel the Rhythmn

This fun-filled workshop gives each child the chance to feel good through leaning about the rhythm, dynamics and tempo of the song 'On Top Of The World'. These rhythmical activities ultimately enhance the skills children use for language, concentration and coordination.

Imagination Station

Get creative with this fun-filled 'Superhero' workshop! Children will be encouraged to get creative whilst thinking about just how special they are and what makes them a Superhero. It's time to celebrate what makes us unique!

gether, Play Together

Time to get into groups to learn an instrument! There's beginners ukulele or violin - plus intermediate and advanced ensembles for those who can already play (up to Grade 8). Each session includes our exclusive "Musicianship Matters" - enabling your child to gain a wider understanding of the 'nuts and bolts' of music.

Grand Concert

A chance for your child and their new friends to proudly show you what they've learnt! By the end of the week your child will have experienced wonderful musical adventures, made new friends, and developed skills for life. Why not join us at a Term Time Courses starting soon?
