Diwali

There is no time to shiver and frown, it's time to get active, keep warm and turn that frown upside down. In a cooler and darker season what better way to celebrate than Diwali, the festival of light. This wonderful South Asian festival promises plenty of sensory delights. The children will get the opportunity to choose from a range of activities including, creating a large Rangoli collage, Diwali themed sports activities and many more surprises in store.

**Tuesday
29th October**

Vivaldi

Rumour has it that this very talented C18th classical baroque composer's favourite season was Autumn, so what better time to celebrate this Italian composers humble beginnings, musical journey and philanthropic work. The children will have the opportunity to listen and perform to Vivaldi's '*The Four Seasons*'. Again there will be plenty of activities for the children to choose from in response to this magnificent composer.

**Wednesday
30th October**

Black British Celebrations

October is Black History Month and we believe it's so important to celebrate those who have not only paved the way for a better and brighter future, but it's also great to acknowledge those who have achieved and made great contributions. In this celebratory session the children will have the opportunity to learn about Malorie Blackman (Children's Laureate from 2013 to 2015), Sheku Kanneh-Mason (British cellist who won the 2016 BBC Young Musician of the Year award) and we'll even be crafting our way to carnival. Team work makes the dream work!

Learn Together, Play Together

Time to get into groups to learn an instrument! There's beginners ukulele for all! Each session includes our exclusive "Musicianship Matters" – enabling your child to gain a wider understanding of the 'nuts and bolts' of music.

Grand Concert

A chance for your child and their new friends to proudly show you what they've learnt! By the end of the week your child will have experienced wonderful musical adventures, made new friends, and developed skills for life.
