Our Afternoon Workshops in Detail:

What to bring:	Sounds and Colours Comic Books	Pieces of Me Safe in the Sun	Imagination Station The Avengers	Mystery Workshop
Packed lunch Snacks Water bottle Sun hat Sun cream Coat	In honour of our weekly theme, we will be looking into the history of Superheroes and their comic book origins. Your child will make their very own comic book cover and will be inspired to create their own story too!	As the sun is on its way, this session focuses on how your child can keep themselves safe from the sun. By the end of the workshop, your child will have packed an activity beach bag full of the essential items alongside learning the huge dangers of being in the sun for too long!	We will be exploring your child's favourite characters from Stan Lee's movie <i>The Avengers</i> and turning them into one by the end of the session! Children will make their own superhero masks based on which character they can identify with!	After a fantastic week, packed full of adult-led workshops, children can choose and initiate what they would like to do - together. This could be anything from making dens, to singing to heading outside for some fresh air!
Welcome and Music Games We start each day with a session that is the perfect introduction for new faces and returning children alike! Starting with a range of wonderfully interactive warm up games, your child will feel at home in no time. Our popular "buddy system" encourages children of all ages to become fast friends from the offset!	Imagination Station I Am Super Because Get creative with this fun-filled Superhero workshop! Children will be encouraged to get creative whilst thinking about just how special they are and what makes them a Superhero. It's time to celebrate what makes us unique!	Sport Beat We Are All Superheroes Packed with high-octane games that will encourage your child to get active whilst taking inspiration from the musical world, children will consider the different actions a superhero may have along with getting into pairs to copy each others movements to create a beginning, middle and end.	Performarama The Avengers Bringing together the very best in music and drama, your child will get the chance to explore a range of drama techniques to create their own superhero story based on the music from <i>The Avengers</i> . Not only will this workshop develop your child's confidence, but will also bring out their inner theatre star!	Making Melodies Theme Tunes Listening to a variety of Superhero theme tunes, children will be able to use their creativity and imagination to the max to create their own theme! By considering tempo, dynamics and pitch your child will be able to create a piece so perfect it will reflect their superhero's stature and personality. Not one to be missed!
Together, Play Together Time to get into groups to learn an instrument! There's beginners ukulele-guitar - violin (depending on location and age). Each session includes our exclusive "Musicianship Matters" - enabling your child to gain a wider understanding of the 'nuts and bolts' of music.			Grand Concert A chance for your child and their new friends to proudly show you what they've learnt! By the end of the week your child will have experienced wonderful musical adventures, made new friends, and developed skills for life. Why not join us at a Term Time Courses starting soon? See www.thestringsclub.org .	

Read our exclusive "Your Child's Development is Key" guide for more info on how we inspire your child in more ways than one! These can be found at our Holiday Camp receptions plus our website.
