Welcome and Music Games

We start each day with a session that is the perfect introduction for new faces and returning children alike! Starting with a range of wonderfully interactive warm up games, your child will feel at home in no time. Our popular "buddy system" encourages children of all ages to become fast friends from the offset!

What to bring:

Packed lunch	Snacks
Water bottle	Sun cream
Sun hat	Coat

Monday 3rd August

Performarama Into the Woods

Kickstarting our afternoon workshops will be some energetic warm up games, ideal in encouraging your child to make new friends! Based on the magical story of "Into The Woods" by James Lapine and Stephen Sondheim, children will then be able to act out the story as their favourite characters. Not only that, they'll also be exploring how different elements of music are depicted in each character.

Sounds and Colours Into the Woods

In our imaginative and creative sounds and colours workshop, your children will be conjuring up their very own enchanted woodland with colours and textures galore. This is a opportunity to get their creative juices and imagination flowing – a great confidence builder and lots of fun!

Tuesday 4th August

Meet the Composer John Williams

John Williams is one of today's hugely successful composers, writing the world's best-known movie soundtracks including "Harry Potter", "Star Wars" and "Jaws". In this workshop, we will be exploring what makes his music so 'magical' and how it all came about. Your child will also have the chance to create their very own peice using pencils, paint, and various bits and bobs to show how the music makes them feel.

Sport Beat John Williams

We are all about physical activity at The Strings Club and getting those heart rates going! In this workshop we investigate all the possible kinds of sounds our body can make while listening to John Williams "Star Wars" soundtrack! Your child will get the chance to use their body to make some wonderfully weird sounds by using their feet, hands, mouths and even their tummies!

Wednesday 5th August

Feel the Rhythm Pirates and Mermaids

The rhythm is going to get you! Join us as we use our bodies to make wonderfully weird sounds while listening to Hans Zimmer's "Pirates of the Caribbean" main theme. Think hands, feet, arms, and even stomachs. We might even try to interact with each other using anything but our voices!

Imagination Station Pirates and Mermaids

Following on from the first workshop and our introduction of pirates and mermaids, it's time to get super creative! We will be giving your child the opportunity to create their very own mermaids, pirates, jellyfish and octopuses that they will be able to show off at home. Whether that's a mask, a picture, maybe even a DIY costume, this is one workshop not to be missed!

Thursday 6th August

Sounds and Colours Despicable Me

Combining art and music is always fun! Your child will use their imagination and creativity to the max to create their own minion based on what they can hear and feel from listening to Pharrell William's "Happy". Prepare to get slightly messy with paints, glue sticks and lots of glitter!

Big Sing Song "Happy"

We all love a good sing song here at The Strings Club and seeing as it's the summer and hopefully sunner, we could not think of better than Pharrell Williams's top ten hit "Happy". Both children and team members will be singing their hearts out in no time!

Friday 9th August

Pieces of Me Trolls

Creativity is a crucial factor in developing children. Which is why this magical workshop will not only allow them to experience different forms of media but also allow them to express their feelings allowing them to develop confidence and recognise their individuality in the world - all the while listening to music from the movie "Trolls"!

Music in Motion Trolls

It's time for your children to put on their dancing shoes and get moving! Using the pieces your child made in the first workshops, this time around we will be meeting some friendly trolls from the film who love to sing and dance to Justin Timberlake's "Can't stop the feeling". What better way to celebrate the end of a fantastic week and express themselves to the max!

Learn Together, Play Together

Time to get into groups to learn an instrument! All children will be learning the ukulele. Each session includes our exclusive "Musicianship Matters" – enabling your child to gain a wider understanding of the 'nuts and bolts' of music. Unfortunately children will not be able to take an instrument home this summer.

Grand Concert

As we will not be able to welcome parents into the building, we are workng out ways to still offer our end of Holiday Camp concert. One of the ways will be online however would only be possible via photo consent. We will also be looking at other ways such as using our outdoor space too.

A chance for your child and their new friends to proudly show you what they've learnt! By the end of the week your child will have experienced wonderful musical adventures, made new friends, and developed skills for life.
